

ARE TO HAVE
A WEEK'S REST

The Legislators Have Adjourned Until Tuesday, April Fourteenth.

BRITTAN'S BILL

Much Discussion on the Beilout Man's Revision of the State Factory Law.

(Special to The Gazette.) Madison, April 6.—Election day and Good Friday both occurring this week, with only two working days between, the legislature is taking a vacation the entire week. When the members return they will watch with interest to learn whether any change in sentiment on the railway commission has been developed during their absence. The most effective arguments used in opposition to the bill have come from manufacturers and other shippers about the state, in protest to the legislature and letters and telegrams to individual members, against the passage of the bill.

Will Decide Question
During their week at home the members will have a chance to find out whether these protests are voluntary on the part of the shippers, or whether, as has been claimed, they are inspired by the railway people, who by threats of what they will have to do in case the bill is passed have caused undue alarm among the shippers. Another hearing on the bill is to be held next week by the assembly committee on railroads. That it will be reported favorably by at least a majority of the committee there is little question, and a warm fight on the floor will follow. It will not be surprising if about this time a special message should come to the legislature from Gov. La Follette, answering the criticisms of his figures on railway rates given in his message at the opening of the session, made by the railway attorneys in their arguments before the committee.

Interested in Bill
Factory employees are much interested in a bill which will come up for a lively debate on the floor of the assembly next week, and railway employees are also interested, more especially if the co-employee law should be repealed. Victims of crossing accidents are also directly affected by the bill, which abolishes contributory negligence as an absolute defense in action for damages for personal injuries. The measure now under consideration is a substitute submitted by the judiciary committee for the Brittan bill on this subject.

Brittan's Bill
The Brittan bill abolished contributory negligence as a defense absolutely, but the committee bill modifies this by admitting it as a defense, and leaving it largely to the jury to determine whether the negligence of the party injured was of such a degree compared with the negligence of employer, his agent or employee through whose fault the injury occurred, as to preclude to entitle him to recover damages for the injury.

Committee Divided
The committee is equally divided upon the bill, and it is sure to bring on a sharp discussion on the floor. The strict construction which has been placed on the personal injury laws by the courts makes some action by the legislature necessary, in the opinion of the advocates by the courts, there are few cases in which it is possible to recover damages for personal injuries.

An Illustration
In illustration of this is pointed out the famous decision of the supreme court that a person approaching a railway crossing must "stop, look and listen" for an approaching train before venturing onto the crossing.

BAD BREAK IN LEVEE
IS SOON REPAIRED

Governor Warmoth's Plantation is Inundated, but Good Work Restores the Protection.

New Orleans, La., April 6.—The only new break reported in the river was at former Governor Warmoth's Magnolia plantation, about sixty miles south of the city, on the west bank of the river and close to the tracks of the New Orleans, Fort Jackson and Grand Isle railroad. The river there is one of the deepest spots and a part of the batture caved in, carrying with it 100 feet of the levee. The plantation was soon inundated, but repair work was almost as quick. A train of material was run to the place and Governor Warmoth, former Congressman L. S. Wilkinson and other planters, as well as the Lafourche levee board, mustered an army of men and a crib was built on the land side. This cribbing, 200 feet long, was built and filled with sacks of earth by night, checking the flow so that the drainage machine could carry off the water. There has been no more trouble at this place and the work of sacking the crib proceeded well.

MORE TROUBLE
FEARED AT COLON

Failure to Ratify the Canal Treaty May Cause Continued Fighting.

(Special by Scripps-McLae.) Colon, April 6.—There is great anxiety on the isthmus regarding the building of the Panama canal. Congress has not yet been officially called to decide the question and the revolutionists say unless the matter is soon settled, one way or the other, another war will break out, the parties being divided upon canal and anti-canal question. It is conceded that affairs are critical owing to President Cordero trying to assume all the responsibility for the canal and Honduras and Nicaragua are daily becoming more and more estranged.

STILL DIVIDE
ON PRIMARY

Present Measure Looks To Be Defeated, But a New One Sure To Come.

WILL STAND PAT

Conservative Element Will Not Back Down on the Original Proposition It Has Made.

(Special to The Gazette.) Madison, Wis., April 6.—Control of the next legislature, or the chance of securing control of it, and with it the election of a United States senator to succeed Senator Charles, is beginning to be recognized as the main bone of contention in the contest over the primary election bill.

A Compromise
When the conference committee on the primary bill meets the assembly members, all administration men will, according to the statement of one of them, offer a compromise by way of a referendum clause to that part of the bill applying to state officers and congressmen, the sections requiring nomination of legislative, county and municipal officers by the primary system to take effect at once.

Not Accept
This the conservatives, according to their present declarations, will not accept. Then a second proposition will be made, attaching the referendum to the entire bill, but providing that it shall be voted on by the people at the spring election in 1904. On the face of it this goes farther than the bill passed by the senate, but second thought shows that its practical effect would be the same as if the bill were passed without any referendum, to take effect at once, for no one has any serious doubt as to the result of a vote by the people on the primary bill, and this vote, taken next spring, would put the law in force before the next general election.

The Plans
This, as has been said, is just what the conservatives are fighting against, for with the primary machinery in control of Gov. La Follette and his lieutenants, they can see them not holding the state offices two years from now, but also electing either the governor himself or the man whom he shall select to the United States senate.

Conservatives "Stand Pat"
Therefore the conservative senators will probably "stand pat" on their amendments to the primary bill, putting it into effect at once in its application to county and municipal officers, but submitting its provisions as to state officers, congressmen and members of the legislature, to vote of the people at the next general election. There is no expectation that the assembly will concur in this, and it is already being announced that the primary bill is dead.

A New Bill
It looks as if this were true so far as the present bill is concerned, but its demise will be followed very closely by the birth of a new primary bill, under the parentage of the assembly committee on privileges and elections, which will contain one of the propositions the administration men will first submit to the conference.

Claim Support
The bill will have an easy course through the assembly, and it is believed by administration leaders that when it reaches the upper house it will draw support from enough senators who have voted with a majority there thus far, but who are hovering close to the edge of the primary question, to secure its passage there.

BEEF MERGER PLANS
ARE ASSUMING SHAPE

Western Meat Interests Said to Be Preparing the Way for Announcement of Their Scheme.

New York, April 6.—Those who are conversant with the "best trust" situation confidently asserted that the "United States Packing Company," which has just increased its capital stock at Trenton from \$1,000,000 to \$4,000,000, is merely another move of the great western meat interests of Armour & Co., Swift & Co. and Nelson Morris & Co., meant as a blind to mislead the public until they are ready to announce their merger plans.

It is the belief of the state corporation bureau at Trenton that the provisions of the amendment charter of the beef trust will start a judicial test. The section prohibiting stockholders from examining the books of the United States Packing Company, except as they relate to their own shares of stock, is identical with a section of a recently amended charter of the Carnegie Steel Company, both following the developments of the "steel trust" and the Northern Securities Company, looking for a decision in the latter case with the federal forces that would give them light as to the best method of procedure in attacking their own.

...More Business Less Politics...

PROMINENT MEN TALK POLITICS

TELL THEIR REASONS FOR SUPPORTING CITIZENS' TICKET.

FACTS ARE BASED ON TRUTHS

Men from Both Political Parties Rally for Clean Government of Janesville.

Opinions, especially when backed by the names of men who have demonstrated their business ability and their public spirit, are always of interest and often have weight in influencing a decision. If there are any voters who on the eve of the municipal election are yet undecided in their minds as to the proper course to take in the polling booth, expressions of opinion from some of the prominent and professional business men of Janesville should put them right.

Not that opinion is the only proof which can be advanced to indicate the great following which the citizens ticket now has. The action at the republican caucuses and the city convention of that party should convince the most skeptical of the unanimity with which that party has decided to ignore party lines for the time being, to place in control a list of officials whose avowed policy is the purification of the city's government and the simplifying and systematizing of its business methods.

Party Indorsement
Following closely upon the heels of the republican caucuses and convention came the caucuses and convention of the democratic party, and although the resolutions to indorse the citizens ticket was turned flatly down, even there, twenty-five per cent. of the total ballot was registered in favor of the candidate presented by the Municipal League for the mayorality.

Since the idea of a municipal league was first advanced in a Twilight club meeting, down through the list of gatherings of the League, culminating in the magnificent showing made at the mass meeting at the Myers Grand, many of the most prominent and influential citizens of Janesville have voiced their favor of a non-partisan list of city officials in a non-uncertain tone. Consequently the opinions given below will in the most part differ little from the statements made in the past. Coming at this time, they are of especial import.

GEORGE S. PARKER

President of Parker Pen Company Tells of Customary Business Methods

George S. Parker, of the Parker Pen company, and president of the Municipal League, has been from the first has been among the foremost to push the investigation of the existing conditions, and from his official position, has publicly identified himself with the movement for "More Business, Less Politics." Working with a committee of representative men from each ward in the city, selected at a largely attended meeting of the League, he has exerted a guiding hand in the purposes of the body he represents.

It is as a taxpayer, and not as an officer of the league that he voices himself in favor of the citizens ticket. His words follow:

"The membership of the League, composed as it is, of almost 400 taxpayers, have by concerted and concentrated effort, called attention to the abuses that have grown up in the city affairs that have made the privilege of owning a home, on account of unwarranted taxation, a good deal of luxury. By the efforts thus expended, these abuses are being corrected, which will in due time show in less taxes, or a much better value given for the same money.

The taxpayers an opportunity, in my opinion, an opportunity, as has never before been presented to them to inaugurate sound business methods in city affairs, by electing the League candidates who are known to be in sympathy with the desired changes, and who favor strict economy and honest accounting.

In my judgment, there is no more reason in voting for men to run our city government, simply because they are republicans or democrats, than it would be for a business firm in need of, for instance, a manager, to advertise, "Wanted—A Manager, only a republican need apply." Absolutely the best men are needed and wanted, without relation as to what their politics or religion may be.

With possibly two or three exceptions the league candidates are men, who are not only NOT seeking office, but who consented to do so, only after strong pressure was brought to bear in response to a demand from the public, that such men sacrifice personal interests for public good.

JANESVILLE, the most beautiful, prosperous, wide-awake little city in this land, will in my opinion, never take a step backward, or permit selfishness or personal interests to stand in the way of sound business methods and better government. Therefore, I predict the election of the citizens ticket by a fine majority, if the voters believe in taking advantage of their opportunities.

(Signed) GEO. S. PARKER.

J. A. CRAIG

General Manager of The Janesville Machine Co. Says Time is

Critical
When asked of his attitude toward the citizens ticket, Mr. Joseph A. Craig, of the Janesville Machine company, put himself promptly and unequivocally on record in favor of a non-partisan ticket, and said that it stood with the best people of the city to protect the city at this time

when the future of Janesville hangs in the balance. Mr. Craig stands as a representative of the manufacturing interests of Janesville. He knows the effect which existing conditions have had upon the factories of the city. If he believed that a party ticket would further the interests of the city as a manufacturing center, and give it the prestige in that direction which it hopes to gain, he would not come out in favor of the citizens nominees.

"You know where I stand and always have stood," said Mr. Craig. "I have from the first, and I still think that this is an opportunity for right thinking and right acting such as has never been given the citizens of Janesville for years. The city is at a critical point, and if it chooses it can take a decisive step in the right direction now."

This is an opportunity for the better element to take a hand in directing the current of affairs. It is a time when the best people of the city can make a decision which will give Janesville the impetus it needs toward a sounder business method. I have enough faith in the good judgment of the citizens to believe that they will carry through the new movement begun by the Municipal league, and elect to office men whose names stand on the citizens ticket."

LEVI B. CARLE

Prominent Tobacco Man Puts Himself on Record For Citizens Ticket

Levi B. Carle, president of the Business Men's Association, needs no words to prove his sound judgment and keen perception. If the men who comprise that organization did not consider his devotion to Janesville's interests sincere and undivided, he would not have been re-elected at the last annual meeting. He believes that the greatest advantage to be derived from the citizens ticket, is the establishment of business methods.

"If the citizens ticket accomplishes nothing else," said Mr. Carle, "I believe it will accomplish this. It will reduce the business of the city to a system, and for that reason, I hold that the citizens ticket should be elected. It may not reduce taxes—at least not for a year or two—but it will put the city's administration on a more definite basis. It will relieve the suspicions that have been aroused against the city's executive. By electing men who are confessedly seeking office with this one purpose of securing business methods, the city will be assured public officers who will make an honest effort to attain that result."

W. S. JEFFRIS

Says That Good Citizen Cannot Fail to Vote for the Citizens' Ticket

W. S. Jeffris, president of the Merchants & Mechanics' Savings bank, puts himself down in no uncertain words as favoring the election of the nominees submitted by the Municipal league. He does not hesitate to condemn a man who casts his ballot adversely as wanting in a proper spirit of interest in the welfare of the city. Coming as it does from a man who is prominently identified with the financial interests of the city, his statement cannot fail to have force with the taxpayers of Janesville.

"I do not see," said Mr. Jeffris, "how a man who has the interest of the city at heart can do anything else than vote for the citizens' ticket. Both good government and selfish interest in his pocket-book demands such action. A man who is not a taxpayer and who is lacking in moral character might take another course, but not the man who has his property at stake, or who cares for the good of his fellow citizens."

NEW BOOKINGS

AT OPERA HOUSE

Manager Myers Has Some Clever Attractions Booked for the Rest of This Season.

One of the most interesting of the bookings recently made by Manager Myers for the Grand opera house is the production of "Ben's Ghosts." The presenting company consists of Mary Shaw and an adequate support, guarantee of its merit is the fact that it is one of the plays chosen for presentation at the ill-fated playhouse of Mrs. Osborne in New York. The company appears at the Davidson, in Milwaukee, shortly before the date at the Myers, May 1.

On May 18 Eddie Ellisler will play the stellar role in the first presentation in this city of "When Knighthood Was in Flower." Four nights later Al Wilson, the popular Dutch comedian, will hold the boards in "A Prince of Tatters."

Palm Sunday

Palm Sunday was a notable day at Christ church. The rector, A. H. Barrington, delivered a discourse on "The Triumphal Entry." His description of this important historic event was graphic, ranging all the way from the simple and pathetic to the grand and inspiring, and will long be remembered by those who heard it.

It positively cures after all other remedies fail. The doctors are puzzled over the wonderful cures made by Rocky Mountain Tea. Smith's Pharmacy. Kodak agents.

MORE STORIES ARE REPUDIATED

ACTIONS SPEAK LOUDER THAN WORDS IN MANY CASES.

RECORDER'S ACTION APPARENT

That Paper Has an Ax to Grind, Hence It Defends Its Present Policy.

That the Recorder should wince under the charge of defending the city government with its long line of tax business methods now fresh before the people, is not strange. Although it puts up the best defense it can the reading public declares it weak and untenable, and absolutely damaging to the cause of its clients. Even the attempt to throw responsibility upon the "dominating party" is mere campaign subterfuge.

The republicans have from time to time sought to improve the council, in which effort they have met with only partial success and have now decided to join with the best men of all parties for that worthy object. Can the Recorder say as much? When has the paper had anything but compliments for aldermen whose "pull" it now defends by accusing others and whose cause it makes its own?

Is this what the democratic candidates are pledged to continue if they are elected? If so, no wonder they could find men enough to fill out their ticket.

The Gazette has besmirched no one not even the defendants in court, and it believes that under more favorable surroundings and conditions there will be found several hold-over members of the present council who are willing to co-operate with legitimate reform in city affairs.

The Gazette admits that it is more anxious for the success of good city government than it is to wreak vengeance upon anybody.

On the other hand it is but too evident from the tone and temper of the Recorder articles that the paper is being worked for personal spite a good deal harder than it is for honest reform.

The Municipal league has never attempted to claim all the noble ideas about good government that exist in Janesville. This movement originated in the Twilight club six months ago from which the league organization derived its first impetus and formation. Once set in motion however this movement became popular throughout the city, appealing as it did to all citizens who favor honest reform.

By the same natural process candidates for office became necessary and a platform of principles for their guide and support in the event of success at the polls. Not a single one of these men sought the honor, but having accepted, they would like to be elected. They concede the rights of others to run for office but contend their own platform of principles is consistent and admits of no equivocation, or shifting about for mere political ends. This ought to appeal to the taxpayers for support in behalf of their financial interests.

The Gazette declines to be a party to any controversy about suits pending against aldermen for violations of the law in their capacity of trustees for the city.

This paper has made to attempt to rouse public passion or prejudice either for or against the defendants, but it has a right to demand their overthrow as leaders and guides in local government. And the Gazette is unable to see where the Recorder has gained anything by its attempt to prejudice the community the other way.

If it be true that that offers of settlement have been made they didn't come from the league, and it remains to be seen if the Recorder's persistent nagging has helped or injured the cause of its clients in whose defense it appears, either before or after election.

As to the Recorder's insinuations against three candidates on the citizens' ticket already, the Gazette has printed the law covering the appointment of clerk of the board of election which duty the Recorder's idea of fairness will doubtless prevent it from doing until after election.

It is true that the citizens' candidate for mayor was clerk of the board of education ten or fifteen years ago and that in the interests of economy his salary was fixed at \$250 a year. Instead of \$300, which the law allowed. And it is further in evidence that the custom of fixing the salary less than the legal amount shows that the board has tried to keep within the law instead of defying it. What has the new assistant campaign editor of the Recorder to say at that proposition?

Upon the general proposition of a clerk's salary, the time will come when the tax payers will find it to their interests to raise the pay to conform to the increased duties but not at present. One thing at a time is enough. The citizens' candidates make no pretense of assuming infallibility in public affairs. They may not escape the common danger of errors of judgment the same as the other members of the human race, but they stand for better government and if endorsed at the polls will expect to work for this high and honorable purpose. And finally, if the Recorder's arguments are of no more account than its personal abuse of Richard Valentine, the paper doesn't hope to accomplish very much.

Richard Valentine is not before the people as a candidate, and has not written anything for the Gazette. It is a little strange, however, that the subject of assistant editor should be raised by the Recorder.

Doesn't the Recorder know that

the finger of suspicion points with far greater accuracy to the authorship of its own articles—only a little further east than Valentine's?

WERE WEDDED

VERY SUDDENLY

Miss Vienna Waite Was Married in a Swell Chicago Restaurant.

Instead of a home wedding as anticipated, Mr. and Mrs. Arthur S. Waite of No. 8 Hickory street, read this morning of the marriage at Chicago yesterday of their eldest daughter, Miss Vienna, to Dr. C. W. Kline of that city. Dr. Kline had invited a half dozen friends to take dinner with him at De Joughe's restaurant at eight o'clock. After they had assembled and before beginning their repast the doctor and Miss Waite joined hands at the head of the table and were quietly married by Rev. Mr. Probst. The groom then explained to his friends that his marriage, although unexpected to them, was not hasty, as he and Miss Waite had been engaged for more than a year. It was expected here that Miss Waite would come home to be married and her parents were looking for her last week but the busy doctor, who has offices in the Masonic temple, evidently thought it more expeditious to be quietly married in Chicago. The bride is well-known here in the city and has many friends who will be interested to know of her marriage. She has been engaged in the dress-making business and has been located in Chicago for the past two years. The couple will make their home in Chicago.

Holy Week is "Self Denial Week" for the Salvation Army this year. The local organization is in line with all other branches of the army, and is making a strenuous effort to make as good as showing as possible. The purpose of the week is cultivation of as strict economy and self denial as possible, the result of the effort being used for missions, both home and foreign. What money is raised by this means is sent to the headquarters of the army and is through that channel distributed where it is judged it will do most good.

One reason why the Salvation Army is able to accomplish such results is the devotion of its members to the cause, and they alone raise sums of money that would put more moneyed organizations to shame. During Self Denial Week, however, the army is ready to accept aid from the churches and from any persons who are interested in the work. The local organization hopes to make a larger contribution this year than ever before.

ELECTION DAY NEAR AT HAND

THE VOTE OF TOMORROW WILL DECIDE ALL.

PROMISE GOOD GOVERNMENT

Citizens' Ticket Stands for Lower Taxes and Increased Manufacturing.

Tomorrow is election day. At the polls each citizen has the opportunity to demonstrate his opinion as to how the city business shall be run the next two years. Each true and interested citizen will be there some time during the day to cast his ballot for one or the other of the two candidates that are in the field.

Under the state constitution every male citizen of the United States over the age of twenty-one, who has resided in the state a year and in the city thirty days previous to the election and in the ward two weeks has the right to vote. This right comes to him under the constitution and is one of the powers that go to make our great country what it is—a glorious republic.

Every Should Vote

Every one should turn out and vote. Janesville today is confronted by questions which have not come up before and party affiliations have for the time being been cast aside. It should be a vote for the best candidates. The hours of polling places have been so arranged that everyone can have a chance to vote. He can vote before he goes to work, he can vote at his noon hour or he can vote at his home after work in the evening. There should be no excuse on this grounds and each citizen cast a ballot for a good business-like city government.

Matter of Principle

It is a matter of principle that is before the voters of this city to decide upon at the present election. It is a question of reformation of the business affairs of the city. A city, like a corporation, should be run upon business principles and it is to establish these that the Municipal League began its operations. The league has cut out its work and the voter must decide which method he will choose. The present loose system, or one which promises lower taxes and better results.

Reformation Needed

It is a matter of absolute knowledge that a city run upon straight business methods will succeed. It is a proven fact that Janesville has high taxes and that much money has been expended for which the tax payers can see no definite results. We have a city that has cost in the neighborhood of seventy-thousand dollars. We have many streets paved that were better the way they were. These are the tangible results, but thousands of dollars have been expended for which the tax payers can find no real accounting for on the books of the city treasurer. This is not due to real stealing but to a careless business method which has been pursued in handling city money in the past.

The Platform

The platform that the citizens ticket stands on is one of more business and less politics. This slogan should reach every taxpayer and hit him where he is most vulnerable, in his pocket.

Good Men

Backed by the Municipal League and endorsed by the republican party the citizens ticket stands today before you for your approval. All its candidates are good and true men. Their worth both in business and in politics have been proven and they are offered to you on their merits. They are not reformers in the sense of reform movements as they are considered, except as a reformation of the business affairs of the city are concerned. They are not fanatics or cranks urged on by some crusade of virtue but are business men who realize that the future success of our city must depend upon establishing a staple system of government with a staple system of finances.

Janesville's Advantages

Everything points to Janesville as a growing city. Its location in the southern portion of this great state and its nearness to the great market, Chicago, all would tend to give us the advantage over other cities not so advantageously placed. Manufacturing industries will come here and they will bring more citizens. Good ones, too, workmen who receive good salaries and who will become worthy citizens of a growing city. Just one thing is lacking to make Janesville an ideal spot; our city finances.

Business Men's Opinion.

Business men look at the taxes of a town before they locate there. They look to other conditions, too, but these we can meet them squarely on but on the tax question it remains for the voters of tomorrow's election to pass judgment. If the citizens ticket is elected this fear is done away with, and persons desiring to invest in Janesville real estate can do so without fear of having to mortgage their homes to pay assessments for building streets in front of their houses.

Vote Intelligently

When you cast your ballot, vote for men who will benefit the city. Vote for men who will help bring industries here. Who by their business methods will place Janesville where she belongs, first in southern Wisconsin. Vote for More Business and Less Politics.

PLATFORM

The following resolution adopted at the convention when the citizens ticket was endorsed is the platform of the campaign.

Resolved, that it is the sense of this convention, that the mayor and common council and the board of education of this city, should in every particular, be governed by the provisions of the charter under which the city is organized, and we demand that in all matters the requirements of the charter be strictly observed. Resolved, that strict economy in the administration of our city affairs is especially desired, and we demand of all city officials that business principles be observed, and a better system of bookkeeping and accounting adopted.

VOTE FOR PRINCIPLES.

This is the first campaign in the history of Janesville, when the contest has been made on well defined principles. The ordinary political campaign is a strife between parties for ascendancy and candidates are selected with reference to their ability to get votes and frequently but little attention is given to qualifications. The present campaign is absolutely destitute of politics.

The republican party has been absorbed in the citizens movement, in the interest of good government, and the better element of the democratic party is as deeply interested. The contest is between the citizens and the rag end of the democratic party with only a fragment of a ticket in the field.

There should be no question about results, and there will be none as the citizens assume personal responsibility and turn out to a man and vote the citizens ticket.

THE FINALE

There is neither time nor necessity for much further argument upon issues involved in the spring election on Tuesday next. The Gazette has attempted to be consistent in its support of reform and clean government in the city hall. When republican principles are at stake everybody knows the Gazette is republican.

In this spring's campaign the party organization has been carefully preserved for future contests, but in local affairs the broadest type of good government is what calls for the support of the best men of all parties and creeds, and for this much needed reform the Gazette also stands where it has stood from the earliest inception of the movement.

People needn't ask what has been accomplished. The evils complained of didn't originate in a day neither can they be wiped out hastily. Men are not made to order and they must be accepted as we find them. The good public servant requires no certificate of character. His deeds speak for him, but alas, that they should speak for the other fellow also. The democracy has been represented in a badly shattered condition, during the past week and while professing to love reform, not a line or sentence uttered has been uttered against bad government, and the statement is made that the candidates are out for a progressive city. But even in this pretense they have allowed the week to go by without revising their platform accordingly.

In fact to borrow their own illustration the case would stand something like this. If the road to Hades is paved with good intentions we ought not to question the competency of the opposition to testify upon this delicate point. Some people are much more familiar with the route than others.

But while the Gazette has steadily adhered to the league principles as expressed in the platform adopted by the republican city convention it has not travelled out of the way to indulge in personalities or weak insinuations against honorable citizens. It has avoided the unnecessary wound of feelings of any citizen or of his family connections however much it may have contended for better government. After reform shall be

firmly established and the wheels of local government set in the right direction, every reasonable person will concede the propriety of the change.

But the voters must remember that the candidates for city offices are of no use until they are elected, and the proper campaign motto is the same in this case as in all others. Take no chances and throw no guess work to the dogs. There is no such thing as victory until the last vote is counted, and a majority is returned for the citizens ticket.

The more decisive the victory, the more emphatic will be the public sentiment to stand behind the newly elected officials. Let every voter beware how he marks his ticket. Each name upon the citizens ticket will require a special cross mark in the circle which the law has specified. A vote marked in this way will be counted for business reform in city affairs, and every piece of real estate in Janesville ought to be worth more if the citizens ticket shall be elected.

BE A CITIZEN

There are a certain class of men in every community who relieve themselves of all responsibility on election day by staying away from the polls. This is especially true in city campaigns, where politics alone is involved. Many men are not strong partisans and feel but little interest in party success unless state or national interests are involved.

This kind of indifference frequently results in electing poor men to city and ward offices. The present campaign is exceptional in this respect and indifference or negligence will be difficult to excuse. There are no republicans running for office as representatives of the party, and no democrats worthy of the name.

The voter this year is asked to decide whether it is better to support a non-partisan citizens ticket in the interest of municipal reform, or a ticket that represents nothing. If he has his own interests at heart there will be no question about his decision, but this decision will be backed up by practice.

It will not do to stay away from the polls and say that the ticket will be elected anyway. It takes votes to win, and every man can afford to be a citizen this year and discharge the duties of citizenship.

THE MONROE DOCTRINE

The Monroe doctrine, I believe in it. I am going to try to see that this nation lives up to it. So long as I am president, I will be lived up to. But I do not intend to make the doctrine an excuse or a justification for us being unpleasant to other powers, or speaking ill of other powers. We want the friendship of mankind.

Let the friendly expressions of foreign powers be accepted as tokens of their sincere good will and reflecting their real sentiments, and let us avoid any language on our part which might tend to turn this good will into ill will. All that is mere common sense.

But a man who talks ill of his neighbors, a man who invites trouble from them is a nuisance. The stronger, the more self-confident a nation is the more carefully it should guard its speech as well as its actions, and should make it a point, in the interest of its own self respect, to see that it does not say what it cannot make good, that it offers no needless offense, that it shows genuinely and sincerely its desire for friendship with the rest of mankind, and that it keeps itself in shape to make its weight felt if the need should arise. President Roosevelt in Milwaukee.

HOW TO VOTE

Every man in the city has decided how he intends to vote, and from the present indications a large majority have decided to support the citizens ticket. Every taxpayer, whatever his business or calling is interested in good government. From a financial standpoint he cannot afford to in force a ticket that represents nothing but personal ambition.

This is all that organized democracy strives for in the present campaign. The men on the citizens ticket are not seeking official life. They have consented to serve the people, if elected, inspired not by glory or a prospect of financial gain, but for the one and only purpose of raising the standard of city government, and placing it on a basis of sound business principles.

The citizens ticket will command the support of every man who has property interests at stake, as well as the support of every man who believes in good citizenship. To vote the ticket, mark a cross in the circle over the column headed "Individual nominations," and then mark a cross in the small square under each name in the column.

The Gazette has had but little to say about the personnel of the citizen ticket. The name of every man on the ticket speaks for itself. These men stand on a platform of principle and that is what the people are contending for. There is no question about the ability or the integrity of the candidates, neither is there any question about the principles involved. Both are good. The Gazette commends the men and the principles to the most hearty support of all good citizens.

Judge Sale will be elected in the first ward without opposition but every voter in the ward and throughout the city, should remember, that the fight is on the city ticket. There is no excuse for staying away from the polls, because a ward candidate is safe. Every vote should be recorded.

Don't forget to mark a cross in the little square under each name on the citizens' ticket and also a cross in the circle over the ticket.

Honesty in business is the foundation of success. Cities, like individuals, should practice honesty.

Tomorrow is election day. A vote for the citizens ticket is a vote for business reform.

The question is not, why am I a democrat, but why am I not a citizen?

Don't forget that tomorrow decides the fate of the city for a year.

Don't vote for the democratic ticket and then profess to be a reformer.

Don't stay away from the polls tomorrow and then kick at results.

Vote early and then see that your neighbor does his duty.

Don't fail to vote tomorrow for the citizens ticket.

Citizenship means more than partisanship.

Less politics, more business is the watchword.

Don't be afraid to stand by a principle.

Don't neglect your duty as a citizen. Don't be a claim.

PRESS COMMENT

Milwaukee Sentinel: The violence of the protest against the plan to submit the primary election law to the people would indicate that the friends of the law are afraid of the public's opinion.

Chippewa Herald: The political editors in the Oshkosh Northwestern make us wish that Chippewa could also elect a whole ticket this spring. There would be at least something to write about.

Madison Journal: Let everyone vote for the amendment increasing the number of five supreme court judges to seven. The only danger is that voters will neglect to mark the constitutional amendment item of their ballots.

Fon du Lac Commonwealth: Admiral Dewey has been talking again and there is trouble in the air. If this gallant old hero would just stick to the business he is cut out for, it would save him, as well as millions of his admirers, much embarrassment.

Green Bay Advocate: If the country press throughout the United States would make a systematic campaign for better roads it would be but a few years before we would hardly know our own thoroughfares. The trouble is, the country editor does not realize his own power.

Milwaukee News: After all, it was no great calamity that the primary contest was delayed. It would have been better for the people if it could have been held back until the tax bills were out of the way. Now that the republican factions have begun to fight over the governor's paramount reform, it looks as if it might be all off as far as other legislation of importance is concerned.

Milwaukee Free Press: The enormous expense of the state in holding a primary election has been waved in the air as an objection to a change in the system of making nominations. And still, the "conservatives" and renegades in the senate are willing to impose all of this expense upon the state for the mere nomination of county and town officers, which nobody cares much.

Marquette Eagle: The caucus and convention system is full of evils, and the people have evinced a desire to have another system adopted. By trying the county elections next fall as an experiment, the practical working of the new law will be shown. If it is all that is claimed there will be no doubt of the result of the vote upon the question which is provided in 1904. The assembly seems to be afraid to trust this result to the voters in refusing to accept this amendment to their accepted bill. The senate certainly should not recede from its position and if the bill fails of final passage it will be the fault of the assembly.

It will be used for the establishment of a home for worthy old people who are in need. The institution will be known as the Margaret E. Armour Memorial Home.

Daughter of Revolution Dies. Watertown, N. Y., April 6.—Mrs. Ann Warren, the oldest resident of Jefferson county, died at Dexter, aged 103. She was a real daughter of the American revolution, her father having served in the continental army.

Liberal Reward. Helena, Mont., April 6.—Buried treasure to the amount of about \$18,000 was discovered by a plumber under a house. As a reward for his discovery the owners of the treasure gave him \$1.

BARONESS DIES BEFORE MIRROR

SOUGHT DIVORCE FROM BARON

Had Separated From Former Husband and Married Titled Owner of Extensive Sugar Interests in Cuba, With Whom She Had Quarreled.

New York, April 6.—Seated in a rocking chair in front of a large mirror that reflected her lifeless features and with a pistol still in her lap the body of Mrs. Louke Ames Van Weik, also known as Baroness Wolfbauer, was discovered in the Washington hotel at Jersey City.

Letters to various addresses in Washington, Baltimore and New York were found in the room, and through them her identity was fully established. Campbell B. Royston of 2515 North Charles street, Baltimore, telegraphed directing the chief of police to take charge of the body and effects pending his arrival. She had only recently returned from Sioux Falls, where it is said she had procured a divorce from Baron Wolfbauer.

Life was Eventful.

Her life had been as eventful as her death was tragic. The daughter of Capt. Ames of the United States army, she had spent her early days among the army posts of the frontier, and being left a large fortune by her father had enjoyed luxuries and had traveled extensively. She was a grand-daughter of Bishop Ames of Massachusetts, and was educated in the De Pauw university in Indiana, of which her grandfather had been president.

Twice Married.

She was first married to Otto Van Weik, now a postoffice inspector in St. Louis. She was divorced from him five years ago, and two years ago she married Baron Wolfbauer, said to be an Austrian nobleman. In Paris, they did not live happily, and last fall she went to Sioux Falls to secure a divorce. She had one child, now a girl of 10, by her first husband.

She was of vivacious temperament, and the reason for suicide is a mystery. It is known she had planned to return to Sioux Falls, fearing her residence there had not been long enough to insure against a legal dispute with her husband.

Family Quarrel.

In letters received from her husband, who has extensive sugar interests in Cuba, he accused her of flirting in Washington while they were there on their honeymoon, and other revelations in the letters showed they had quarreled. Mrs. Van Weik, as she was best known, lived much in Washington and Baltimore.

When she went to the Jersey City hotel she registered as Mrs. Louis Van Weik of Sioux Falls, S. D., and was given a suite of rooms on the second floor. She remained most of the time in her rooms unpacking and arranging a wardrobe of expensive gowns of the best material. She talked with her maid in a pleasant mood. A little before noon, when nothing had been heard from her, a servant was sent to the room and reported the door locked. The door was forced and the woman found dead as described.

Doctor Sues Millionaire.

Pittsburg, Pa., April 6.—Dr. C. C. Rinehart entered suit against W. C. Jutte, who is reported to be a millionaire, to recover \$10,000 for medical services. The plaintiff says that at Jutte's request he accompanied him abroad, rendering him necessary and continuous service for several months.

Marshal Kills a Man. Olathe, Kan., April 6.—City Marshal S. P. Howland of Gardner, during a fight lasting half an hour, shot and killed Bud Briggs in Gardner, while Briggs, with two companions, was trying to secure the release of Estelle Briggs, a brother, whom the officer had arrested for disorderly conduct.

Vote the citizens' ticket tomorrow.

REVIVALIST IS CLOSING WORK

TONIGHT'S SERMON HIS LAST IN THIS CITY.

ACCOMPLISHED MUCH GOOD

His Sunday Service to Men Was Well Attended, and Impressed All.

Tonight the Biedersdorf-Stout meetings end. Those who have attended the services with any degree of regularity are enthusiastic in their praise of both men. The results of what have been attained stand a monument to their work. A very large number of men have decided to live the Christian life. In order to insure pastoral guidance they have been asked to write their names and addresses on cards, stating their church preferences.

For the first time in the series there was a Monday afternoon meeting today. The reason of this was the completion of a series of addresses which Rev. Biedersdorf has been delivering upon "The Holy Spirit." The series was broken in upon last Thursday when the regular topic was given over and a subject suitable for the mid-week Sunday substituted.

Sunday afternoon a second mass meeting was held, the subject being the "Unpardonable Sin." In point of numbers it was not up to the service of the week before, but in the results it did not fall short of the first meeting. At the close of the address an after meeting was held at which a large proportion of the men remained.

A part of Rev. Biedersdorf's address delivered before the men's meeting yesterday is given below:

The Unpardonable Sin

Friend, you have said no to God's spirit. Over and over again you have resisted His pleading, and grieved Him many and many a time and still He has not left you. Still He is knocking at the door of your heart today and patiently waiting for you to open but oh my friends, I fear for you lest you should tonight say no for the last time.

Another thing. Who has not seen men in health who seem to be utterly given up to sin; or others who are so indifferent to the things of God that people have given up all hope for them. Paul says in the first chapter of Romans that "for this cause God gave them up." Oh, to be given up of God—the greatest curse that can come to any man in this world. To be given up to his sin to be joined to his sin that God says, "Let him alone—there is no hope for him."

Words to Shudder At

It was during the summer of the world's fair at Chicago that I met such a man. I was passing tickets for Mr. Moody's meeting and found him sitting one forenoon on the front step of his house. Apparently a well-to-do man. I gave him the ticket and saw at once it angered him. He sought to engage me in conversation but having no time or desire for argument I told him I must pass along but not before he had said words that almost made me shudder as I repeat them to you now.

Looking me straight in the face he said, "Young man, I wouldn't give two weeks in hell for all eternity with Jesus Christ." My Father in heaven! I couldn't understand how a man could so harden his heart against the sin of God but I think I know now, for apparently that man had sinned against God that God had left him alone for he had passed beyond the limit of resistance and his heart was becoming harder and harder every hour that he lived.

Oh, friends, I would to God that we might see that there must come a limit to this resistance some time and that it may come at a time when we least expect it.

A Costly Victory

The great Napoleon was sitting in his tent sad and dejected. Half of his army had been annihilated and as yet he did not know how the fortunes of the day were to end. Suddenly there came running into his tent an orderly who cried, "Cheer up, Sir, you've gained the victory." "Yes," said the great general. "I've gained the victory, but another such victory would cost me my kingdom." Oh, man, you've gained the victory, haven't you? You've gained the victory over your mother's prayers, you've gained the victory over the tears and entreaties of your life and little ones; you've gained the victory over the pleading of the minister; you've gained the victory over the tender patient spirit of God, but what I fear for you is that if you win a few more such victories or another such victory today it will cost you your soul.

"Sinner, perhaps this every day. Thy last accepted time may be. If thou shouldst grieve Him now away Then light may never shine on thee."

Sins of the Pharisees

If you ask, "By reason of what one thing will I be most likely to be left in this unpardonable condition?" I would say, "By simply saying no to the Holy Spirit." This was after all the sin of the Pharisees. They said, "We will not have this man to be the Messiah. Let the evidence be what it may, let the cost be what it will, we will decide against Him." It was the last decision they ever made.

And now I must ask the question that makes me tremble while God waits your answer. It is a question that must be answered by "Yes" or "No." While the Spirit still strives and none can tell the moment He will cease forever. Let me ask in the name of Christ, "Will you yield to the touch of God's Spirit today?" and while we bow our heads will you by raising your hand, say to the Holy Spirit of God, "I yield, I yield," or will you permit the Holy Spirit to say of you, "He is joined to his sin, let him alone?"

NOTICE TO ADVERTISERS.

On and after April 1st, 1903, no contract will be made for business localities. The rate for this class of advertising will be ten cents per line for each and every issue of either Daily or Weekly. The Gazette adopts this policy for two reasons:

First. To improve the news columns of the paper. The first consideration of any newspaper is the reader; and its value to the advertiser depends entirely upon its popularity with the reading public. Business localities frequently flood the composing room the last hour before the paper goes to press, and news is sacrificed to meet the demands of this class of business.

Second. The Daily Gazette is rapidly extending its circulation throughout the county, giving the Janesville merchant an opportunity to talk to the farmer as well as the city customer, six days in the week. This means faster machinery, and increased expense in producing a paper as well as increased value for advertising purposes.

The Gazette has also adopted what is known as the space rate for display advertising, and prices have been placed within the reach of all advertisers.

The paper has long enjoyed a liberal patronage from home merchants, and it is in position today to furnish better service than at any time in its history.

Walter Woodington had the index finger and thumb on his right hand cut off at the Hough Porch shade Co. factory Saturday afternoon at about four o'clock. While he was pushing a board through under the eight-foot knife, the stick with which he was exerting the pressure, broke, letting his hand directly under the blade. He fortunately escaped with the loss of the thumb and one finger.

FRANCHISE IS TO COME UP TONIGHT

INTERURBAN QUESTION BEFORE THE COMMON COUNCIL.

PROMOTERS ARE BUSY TODAY

Arguments Advanced by Promoters of Each Line—Will the Council Delay the Matter?

Tonight the present common council will meet for the last time. Several matters are up for consideration. Most important is the franchise question. What the city dads will do has been the subject of much comment in the past weeks. There are citizens of Janesville who are prepared to stake large sums that the council will do nothing. They believe that from the first they have intended to shift the responsibility for a decision upon the shoulders of the new members of that body who will be chosen to office tomorrow.

Hot After Franchise

The men who are interested in the two roads, both of which ask for franchise rights which will enable them to build an interurban electric road to Madison, have been busy this morning. The members of the council have been interviewed and the arguments of the two companies, the Southern Wisconsin Railroad company and the Janesville Traction company, have been drummed into them again.

Janesville Traction Company

Those who support the Traction company's claims—H. H. Clough is the representative and most interested capitalist in this company,—point to the Rockford, Beloit, and Janesville line which is now in operation. With justifiable pride they point to that road as an instance of what Mr. Clough and his fellow capitalists can accomplish. They say that there is no room for doubt of the good intentions of the company, as well as of the character of a line which they would build. In addition to that travel would be more convenient over a single line.

Southern Wisconsin Line

On the other hand the Southern Wisconsin Railroad company advance the very reasonable argument that trade would be fostered by having this city as the terminal point of two lines, or more if need be. If a transfer from one station to another was made necessary the passengers would have an opportunity to look over the stock in the store windows, and it would bring much trade which would otherwise pass by. Hayes Brothers have made the statement that they are ready to finance the road and begin operations as soon as a franchise is granted.

CIGARETTES ARE TO BE BARRED

SMOKERS OF THE PAPER PIPES IN DESPAIR.

BILL BEFORE THE LEGISLATURE

Would Prohibit Their Importation or Sale Inside Limits of the State.

Cigarette smokers in Janesville should begin to "taper off," in preparation for being forced to quit their habit through inability of the little paper weeds or the material to make them with. For it looks as though the anti-cigarette bill at Madison would become a law.

The Law

Whether it will be the bill absolutely prohibiting their manufacture or sale in the state passed by the assembly, or the bill introduced by Senator Bird in the upper house, imposing a prohibitive license fee of \$300 annually, in addition to a bond, upon the dealer in cigarettes, is not certain, but unless there is a decided change of opinion in the senate committee on state affairs, one of them will be reported favorably next week.

Bird's Bill

Senator Bird also introduced a bill which is the counterpart of the one passed by the assembly, all three being in the hands of the committee on state affairs. The committee took the matter up last week, but Senator Bird was unable to be present, and the committee laid the bill over until it can hear from him as to which one he prefers to have passed.

Committee Favors

At least three members of the committee expressed themselves in favor of recommending one of the bills favorably. Chairman Hatton was the only one to express opposition, which he did merely on the ground that it is impossible to legislate morals into people.

Miss M. A. O'Neill is in Chicago today in the interest of Simpson's millinery department.

NOT FIT FOR MOUNTAIN WORK

Troops are not accustomed to the hard campaigning necessary in the Balkans and Franz Joseph's Officials are Embarrassed Thereby.

London, April 6.—Austria has mobilized three army corps at Agram, Tarrero, and Temesvar, and is holding them in readiness for the occupation of Mitrovitz, in European Turkey.

The Austrian officials are embarrassed, however, because these troops are not fitted for mountain campaigning, such as would be inevitable in the event of their being required in the Balkans.

The Bosnian and Tyrolean regiments would be suitable for such purposes, but the former consists mainly of Mohammedans, therefore cannot be used, and the latter cannot be moved eastward without the alarm which it would cause the Mohammedan populace.

May Join Insurgents.

Bosnia and Herzegovina, which Austria occupies militarily under the treaty of Berlin, are growing dangerously excited. Men are secretly arming and smuggling arms and ammunition from Montenegro. It is feared they contemplate an armed emigration to old Serbia to join the insurgent Albanians.

The Austrian military authorities realize that the situation is consequently most critical.

Many Are Wounded in Riot.

A telegram from Belgrade, capital of Serbia, reports that rioting has taken place there as the outcome of a demonstration against an objectionable police regulation, and many persons were wounded in the course of the disorders.

The rumor of the death of M. Stehelin, the Russian consul at Mitrovitz, who was shot by an Albanian sentry, proves to have been premature, but the consul's condition is serious and symptoms of peritonitis have appeared. It is reported that the Albanian soldier who shot him has been sentenced to fifteen years' hard labor.

Powers Warn Sultan.

According to a dispatch from Constantinople the Austrian, Russian and British ambassadors have had audiences of the sultan on whom they impressed the necessity of suppressing the Albanian agitation. The sultan informed them that in the event of the failure of the pacificatory mission that he had dispatched to Albania he would take measures for the military occupation of the disturbed region.

Berlin Newspaper Asserts Great Deposits Exist in Yellowstone Park.

Berlin, April 6.—The Neueste Nachrichten announces that a big pressed corned beef mine has been discovered in Yellowstone Park. It says: "Evidently enormous masses of cattle have, during the triassic period, been caught by a revolution of the earth and buried by the thrown down masses. Extensive saline deposits in the district preserved and seasoned the meat. The ice period kept it, and under the influence of immense pressure it has been transformed into a kind of salt meat, not inferior to corned beef. The deposits would be able to furnish meat food to the world for a long time."

His injuries are painful and he was not able to officiate at the regular services.

ENTIRE DISTRICT IS IN REVOLT

Turks Lose Heavily in Engagement With Macedonians.

Sofia, April 6.—It is reported the greater part of the district of Okhrida is practically in a state of insurrection. It is stated that at the towns of Okhrida, Prilip and Krushovo the shops are closed. Turkish troops which surrounded two revolted villages north of Lake Okhrida were themselves surrounded by armed bands from twelve neighboring villages. The Turkish loss is reported to have exceeded thirty. Among the Bulgarians killed was the well-known leader, Lieut. Davidoff. Dubnitzka reports that the frontier district is swarming with Turkish spies, who convey intelligence to the Ottoman authorities across the border.

RULES AGAINST TRADES UNION

Vermont Judge Holds It Liable for Damages Resulting From Strike.

Burlington, Vt., April 6.—A decision was returned in Rutland County court for the plaintiff in a suit to recover damages of \$2,600, the case being that of the Patch Manufacturing company of Rutland against the Machinists' union of that city. The decision is important for the far reaching effect it will have upon unions, in that it holds them liable for damage to the manufacturers or nonunion employees resulting from a strike. The plaintiff claimed that its business had been injured by reason of an alleged conspiracy entered into by the union.

If he wishes to vote for a person for a certain office whose name is not on the ballot he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter; and if he declares that he is totally blind, he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion as to such person's disability. The candidates for the different offices are, for example, as follows:

OFFICE OF CITY CLERK, March 31, 1903.

To the Electors of the City of Janesville:

Notice is hereby given that a municipal election is to be held in the several wards and election precincts in the City of Janesville on the 7th day of April, 1903, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation, each in its proper column, and the questions submitted to a vote are stated below.

Information to Voters.

The following instructions are given for the information and guidance of voters: A voter, upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk, which must have indorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, the voter must retire alone to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter if he wishes to vote for all the candidates nominated by any party, should make a cross mark, X, under the party designation printed at the top of the ballot in the circle made for that purpose. A ballot so marked and having no other mark, will be counted for all of the candidates of that party in the column underneath, unless the names of some of the candidates of the party have been erased or a cross mark be placed in the square under the name or at any place in the space occupied by the name or names of candidates in another column, and will be counted for all names written in lieu of one erased. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark under the name of each candidate he desires to vote for, or at any place within the space in which the name is printed. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. NATION'S CHIEF HAS NEW RULE

HE ATTENDS DIVINE SERVICES

Goes to Lutheran Church at Sioux Falls in the Morning and Listens to German Sermon at Dutch Reform Edifice at Night.

Sioux Falls, S. D., April 6.—President Roosevelt spent a quiet Sunday here.

Owing to the fact that both in Milwaukee and Minneapolis the length of the program did not permit the president to reach his car until after midnight, he has announced that hereafter he will, in the evening, not begin speaking later than 8:30 o'clock, and always will be back in his car by 10 o'clock. He will adhere strictly to this rule.

Attends Church.
He attended church, both in the morning and evening, and in the afternoon went for a horseback ride, accompanied by Seth Bullock, superintendent of the Black Hills forest reserves. The fact that President Roosevelt attended divine services twice was due to a mistake on the part of the local committee. The committee had the impression that the president was a member of the German Lutheran church, and accordingly arranged to have him attend that church in the morning.

Listens to German Service.
Later, when it was learned that the president worshipped at the Dutch Reform church, arrangements were made to have services held in the evening at the Livingstone Reform church here. While it is not the custom of the president to attend services on Sunday evening, he consented to make an exception to his rule when the facts were presented to him. The services in the morning were conducted by the Rev. Herman Sell, president of the German-English college at Wellesburg, Iowa, who came here for that purpose. The German language was used throughout.

Pickpocket Is Nabbed.
A pickpocket tried to work his game on the crowd gathered in front of the German church. He was detected in the act, but before he could be seized he handed the money to a constable who disappeared. He was arrested.

REFERS TO PAY DEPOSITORS

President of Kenosha State Bank Is Ready to Meet Indebtedness.

Kenosha, Wis., April 6.—Frank S. Kemp, president and manager of the Kenosha State bank, was absent from the city when the bank was closed by order of M. O. Bergh, state bank examiner. On his return he expressed his sadness to pay off his indebtedness and has offered to refund dollar for dollar to his depositors. Whether or not this offer will be accepted rests with Mr. Bergh, who will be here to determine the question of appointing a receiver. Mr. Kemp is confident of his ability to pay the depositors and to continue business. He asserts that the branch banks in Salem and Waukesha will not be affected by the temporary embarrassment of the State bank, for these concerns are doing a good business on an independent basis.

HE PREACHED 22,757 SERMONS

Record of Pioneer Preacher Who Died at Hebron, Ind.

Valparaiso, Ind., April 6.—Rev. J. N. Buchanan, a pioneer Presbyterian preacher of northern Indiana, died at Hebron. He was licensed to preach at Oxford, O., in 1819, and settled at Hebron the same year. Papermakers Are Dissatisfied.
Appleton, Wis., April 6.—The United Brotherhood of Papermakers has served a demand upon the manufacturers for fewer hours, and it is said a strike is probable. Three thousand men in Wisconsin, employed in fifteen mills, will be affected.

Cleveland Banks Merge.
Cleveland, O., April 6.—The directors of the State National and the Colonial National banks have voted to merge the concerns. The combined resources of the two banks amount to \$12,000,000. The new bank's capital will be \$1,500,000.

Father and Child Are Killed.
Madison, Ky., April 6.—Theodore Rankin and his 6-year-old daughter were killed and Mrs. Rankin was seriously injured when a large tree was blown across their house, near Luzerne, Muhlenberg county.

Fight With Bank Robbers.
Ulysses, Pa., April 6.—Robbers dynamited a safe in the Rowley private bank and secured \$1,000 in coin. Citizens aroused by the explosion gave battle. A dozen shots were exchanged, but the robbers escaped.

Death Under Electric Car.

HELD FOR KILLING HIS FATHER

Son of Murdered Peoria Man Is Under Arrest for the Crime.

Peoria, Ill., April 6.—William Porter, the 25-year-old son of John Porter, who was killed in the basement of the high school building, was arrested and will be held by the police pending an investigation. It is claimed that the father and son had quarreled bitterly concerning fast company the young man was keeping and that the father told William he would either have to reform or leave home. At the coroner's inquest the wife of the decedent and his oldest son testified that William was at home in bed during the entire evening and a strong alibi was proved. The affair is the most mysterious the local police have ever encountered and grows even darker as they endeavor to penetrate it.

SHE WROTE HER OWN OBITUARY.

Ohio Girl of 13 Prepared Sketch of Her Life Before Death.

Dayton, Ohio, April 6.—A story of unusual interest is connected with the death of 14-year-old Beulah Payne, who died at her home in Xenia. When 13 years and 8 months old she prepared a sketch of her life, which she handed to her father, the Rev. Mr. Payne, to be used after her death. She died on March 25, and the obituary was delivered as written by her. The girl also selected the hymns she wished to be sung at her funeral service and the portions of scriptures she wished read—a part of the seventh chapter of Second Samuel, Matthew 18, 1-4 verses; Psalms 63:9 verses.

COSTLY FIRE AT BATTLE CREEK

Power Plant and Laundry of Seventh Day Adventists Is Destroyed.

Battle Creek, Mich., April 6.—Battle Creek's Seventh Day Adventists have again suffered loss by fire, the Haskell home laundry, power plant and electrical plant being destroyed. The loss is not so important financially as for the discouragement it causes the sect. It will reach into several thousand dollars. As in almost every previous case, the pressure of city water was found insufficient. This has never happened at any except Adventist fires. The Haskell home, containing 300 children, had a close call, but was saved. The total loss on Adventist fires in Battle Creek to date reaches over a million dollars.

PLEASED THE PRESIDENT

And Made a Tremendous Hit With a Fifteen-Thousand Audience.

Milwaukee, April 4.—President Roosevelt was greeted by 15,000 people at Exposition hall yesterday. Claude's military band of 10 pieces enlivened the occasion with stirring and enchanting music. One air in particular created a decided sensation. This was "Hawatha," the universally popular two-step for which \$10,000 was paid by the publishers. The melody variety of "Hawatha" so captured the imagination of the crowd that it seemed as if the listeners would never tire of hearing it. The number never in popularity was the new march, "Dixie Girl," by the writer of the triumphant "Creole Bolles." The Whitney-Warner Publishing Co. of Detroit, Mich., from whose house emanated these great musical successes, with many others, will be gratified to learn that the president received so much pleasure from the delightful strains of "Hawatha."

Shock

Of Lightning Left me Paralytic.

Became a Weak, Nervous Wreck.

Dr. Miles' Nerveine Made a New Man of me

"A severe shock from lightning, left me almost a paralytic. I would have pricking sensations running from the top of my head down the full length of my body. This gradually wore away and left me a nervous wreck, unable to sleep at night. In fact I got no real rest at night until I had purchased three bottles of Dr. Miles' Restorative Nerveine. The first few doses taken strictly in accordance with directions convinced me there was merit in it. I went in for a thorough cure and got it. I had employed physicians but got no particular benefit from them. I have taken in all nine bottles of Dr. Miles' Restorative Nerveine and it has made a new man of me. I am healthy and strong now, weigh 175 pounds. I also got one bottle of Dr. Miles' Heart Cure and one bottle of Dr. Miles' Blood Purifier this spring, and they are doing the work also. I have recommended these remedies to many friends and know they have always been satisfactory from the reports made to me."—George D. Hurlburt, Clark, S. D.

"I have used Dr. Miles' Heart Cure, Nerveine and Nerve and Liver Pills and Anti-Pain Pills. I do not know of anything that will stop headache quicker than the Anti-Pain Pills nor do I believe there is so good a liver pill on the market as those of Dr. Miles. I took the Nerveine for general debility and derived much benefit therefrom. I consider Dr. Miles' medicines ideal household remedies."—Charley Cole, Gothenburg, Neb.

Easter Hat That Is Very Stylish

A stylish hat is just as important as a stylish gown, but thick, glossy hair is more important than either. It does not cost as much now to have nice hair as it does to get a nice hat, for the hair and scalp have of late been the subject of scientific research and study, in which all their little defects and disorders have been found out and a remedy discovered to correct them. Bandage is the name of this discovery, and it never fails to make the hair grow abundant, thick and beautiful without changing its natural color a particle.

NOTICE is hereby given that at the Judicial Election to be held in the several towns, wards, villages, and election districts of the State of Wisconsin, on the first Tuesday of April, A. D. 1903, being the seventh day of said month, the following amendment to section four, of article seven, of the constitution of the State of Wisconsin, as amended in 1877, is to be submitted to the people in pursuance of the requirements of chapter ten, of the laws of 1903, in accordance with the substance of a notice received from the County Clerk, to-wit:

No. 422, A.]

[Published March 13, 1903.]

CHAPTER 10

AN ACT to submit to the people an amendment to the constitution, relating to the number of justices of the supreme court and to provide for elections to fill vacancies in the office of justice of the supreme court.

Whereas, The legislature of this state at the biennial session for the year 1901, proposed and adopted by a vote of the members elected to each of the two houses, an amendment to the constitution of this state (the same being in fact an amendment to section 4, of article 7 thereof as amended in 1877), the proposed amendment being in the following language:

Resolved, by the assembly, the senate concurring, That section 1 of article VII of the constitution be amended so as to read as follows: Section 1. The chief justice and associate justices of the supreme court shall be severely known as the justices of said court, with the same terms of office of ten years respectively as now provided. The supreme court shall consist of seven justices, any four of whom shall be a quorum, to be elected as now provided, not more than one each year. The justice having been longest a continuous member of said court, or in case two or more such senior justices shall have served for the same length of time, then the one whose commission first expires shall be ex-officio, the chief justice.

Whereas, the foregoing proposed amendment to the constitution was duly ratified and agreed to by the legislature of this state for the year 1903; and

Whereas, It is provided by section 9, of article 7, of the constitution that vacancies in the office of justices of the supreme court shall be filled by appointment of the governor, which shall continue until a successor is elected and qualified; therefore,

The people of the State of Wisconsin, represented in senate and assembly, do enact as follows: Section 1. The proposed amendment to the constitution of this state shall be submitted to the people at an election to be held on Tuesday, the 7th day of April, 1903, and if the people shall approve and ratify said amendment by a majority of the electors voting thereon such amendment shall become a part of the constitution of this state.

Section 2. Notice of the submission of said question, the form of ballot, the conduct of the election and the canvass of the votes shall all be as provided in chapter 5 of the Wisconsin statutes of 1898, entitled "Caucuses, Electors and General Elections," and the submission and canvass shall be particularly as provided in section 39, 94d and 94t, as the last chapter was amended by chapter 97 of the laws of 1899.

Section 3. In the event of the ratification of said proposed amendment by the people, one of the additional justices provided for shall be elected at the judicial election in April, 1904, and his term shall commence on the first Monday of January, 1905. The other additional justice provided for by the proposed constitutional amendment shall be elected at the judicial election in April, 1906, and his term shall commence on the first Monday of January, 1907.

Section 4. In the event that said proposed constitutional amendment shall be adopted and ratified by the people, section 94s, of the Wisconsin statutes of 1898, as amended by section 1 of chapter 7 of the laws of 1899, shall be amended by striking out in the seventh line thereof the words "justices of the supreme court or" and by adding at the end of said section 1 of chapter 7, the following: "In all cases of vacancy in the offices of justice of the supreme court, the person appointed to fill such vacancy shall continue to hold his office until an election can be had in some year in which no other justice is elected pursuant to the constitution and laws of the state, and until his successor has been duly elected and qualified;" so that section 94s shall in that event when so amended read as follows:

Section 94s. In all cases of vacancy in the office of circuit judge or county judge, the election to fill such vacancy shall be held on the first Tuesday of April next after the vacancy shall happen, in case such vacancy shall happen twenty days before such day; and if no election shall then be held for such purpose, or if the vacancy shall happen within twenty days next before said first Tuesday, then the election shall be held on the first Tuesday in April next thereafter. In all cases of vacancy in the office of justice of the supreme court the person appointed to fill such vacancy shall continue to hold his office until an election can be had in some year in which no other justice is elected pursuant to the constitution and laws of the state and until his successor has been duly elected and qualified.

Section 5. This act shall take effect and be in force from and after its passage and publication. Approved March 12, 1903.

Said election to be held and conducted, votes canvassed and returns made in accordance with law.

Given under my hand and official seal at the Capitol, in the city of Madison, this 16th day of March, A. D. 1903.
